Other Maps

BICYCLE MAPS -- The Oregon Bicycle Guide and the Oregon Coast Bike Route maps are available free of charge by calling (503) 986-3556.

MAPS--Various maps are available at the cost of reproduction from the Transportation Inventory and Mapping Unit in Salem at (503) 986-3154.

Additional Information

Oregon Department of Transportation
Transportation Building
Salem, OR 97310
1-503-986-4000

ODOT employees strive to provide a safe and efficient transportation system that enhances Oregon's economic competitiveness and livability.

Besides building and maintaining Oregon's state highway system--about 7,500 miles of highways and 2,600 bridges--staff members provide a wide variety of transportation services.

Some employees coordinate statewide public transit, rail, transportation safety and aeronautics programs. Others manage the winter recreation snow-park system, adopt a highway program and safety rest areas. Staff members also handle motor carrier, motor vehicle and driver licensing and registration functions.

Various staff members focus on bicycle and pedestrian travel.

For more information on these programs or to discuss specific issues or questions regarding the department, call 1-888-ASK-ODOT.

Transportation Spending

1997-1999 Legislatively Adopted Budget

Statewide distribution of funds - \$2.28 billion is shared by ODOT and local governments

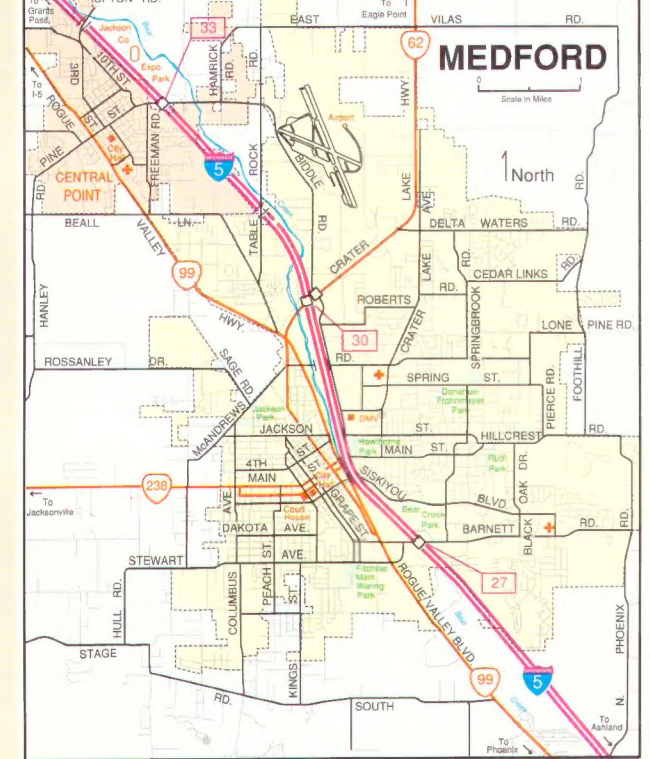

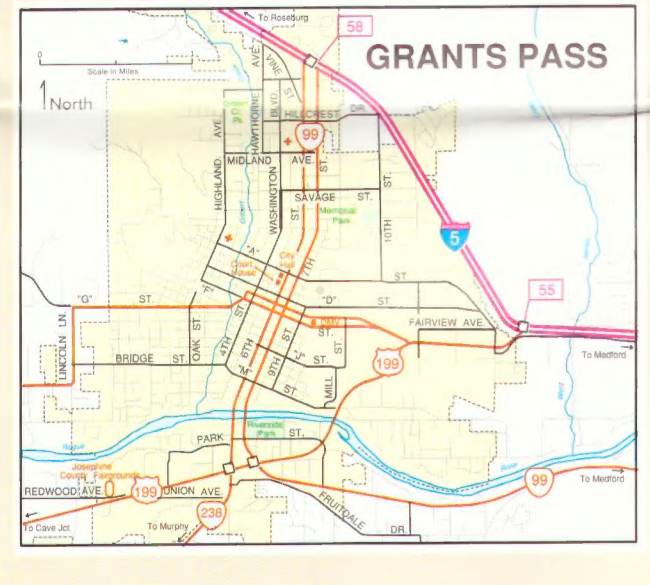

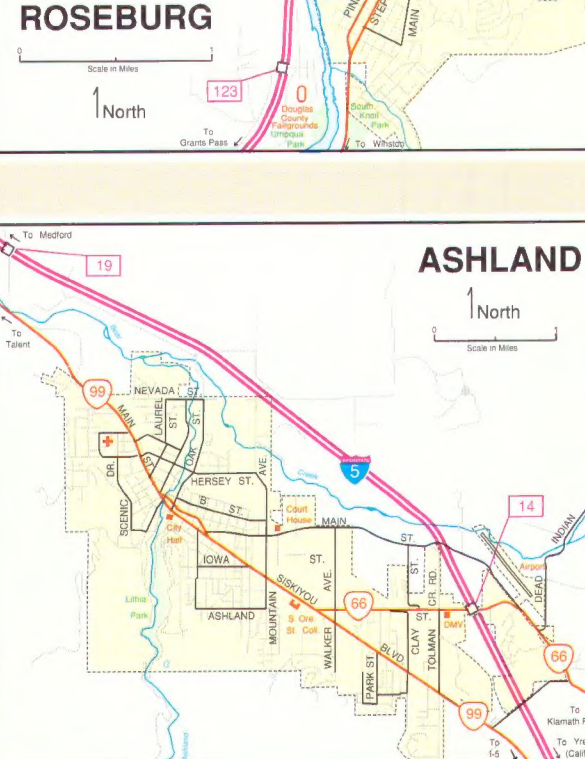

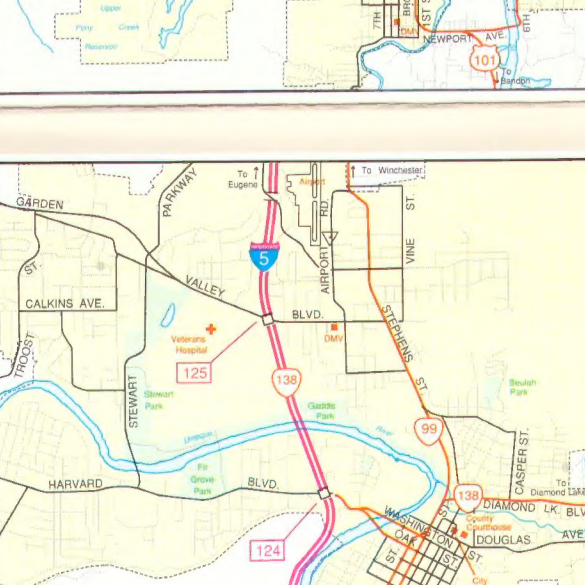

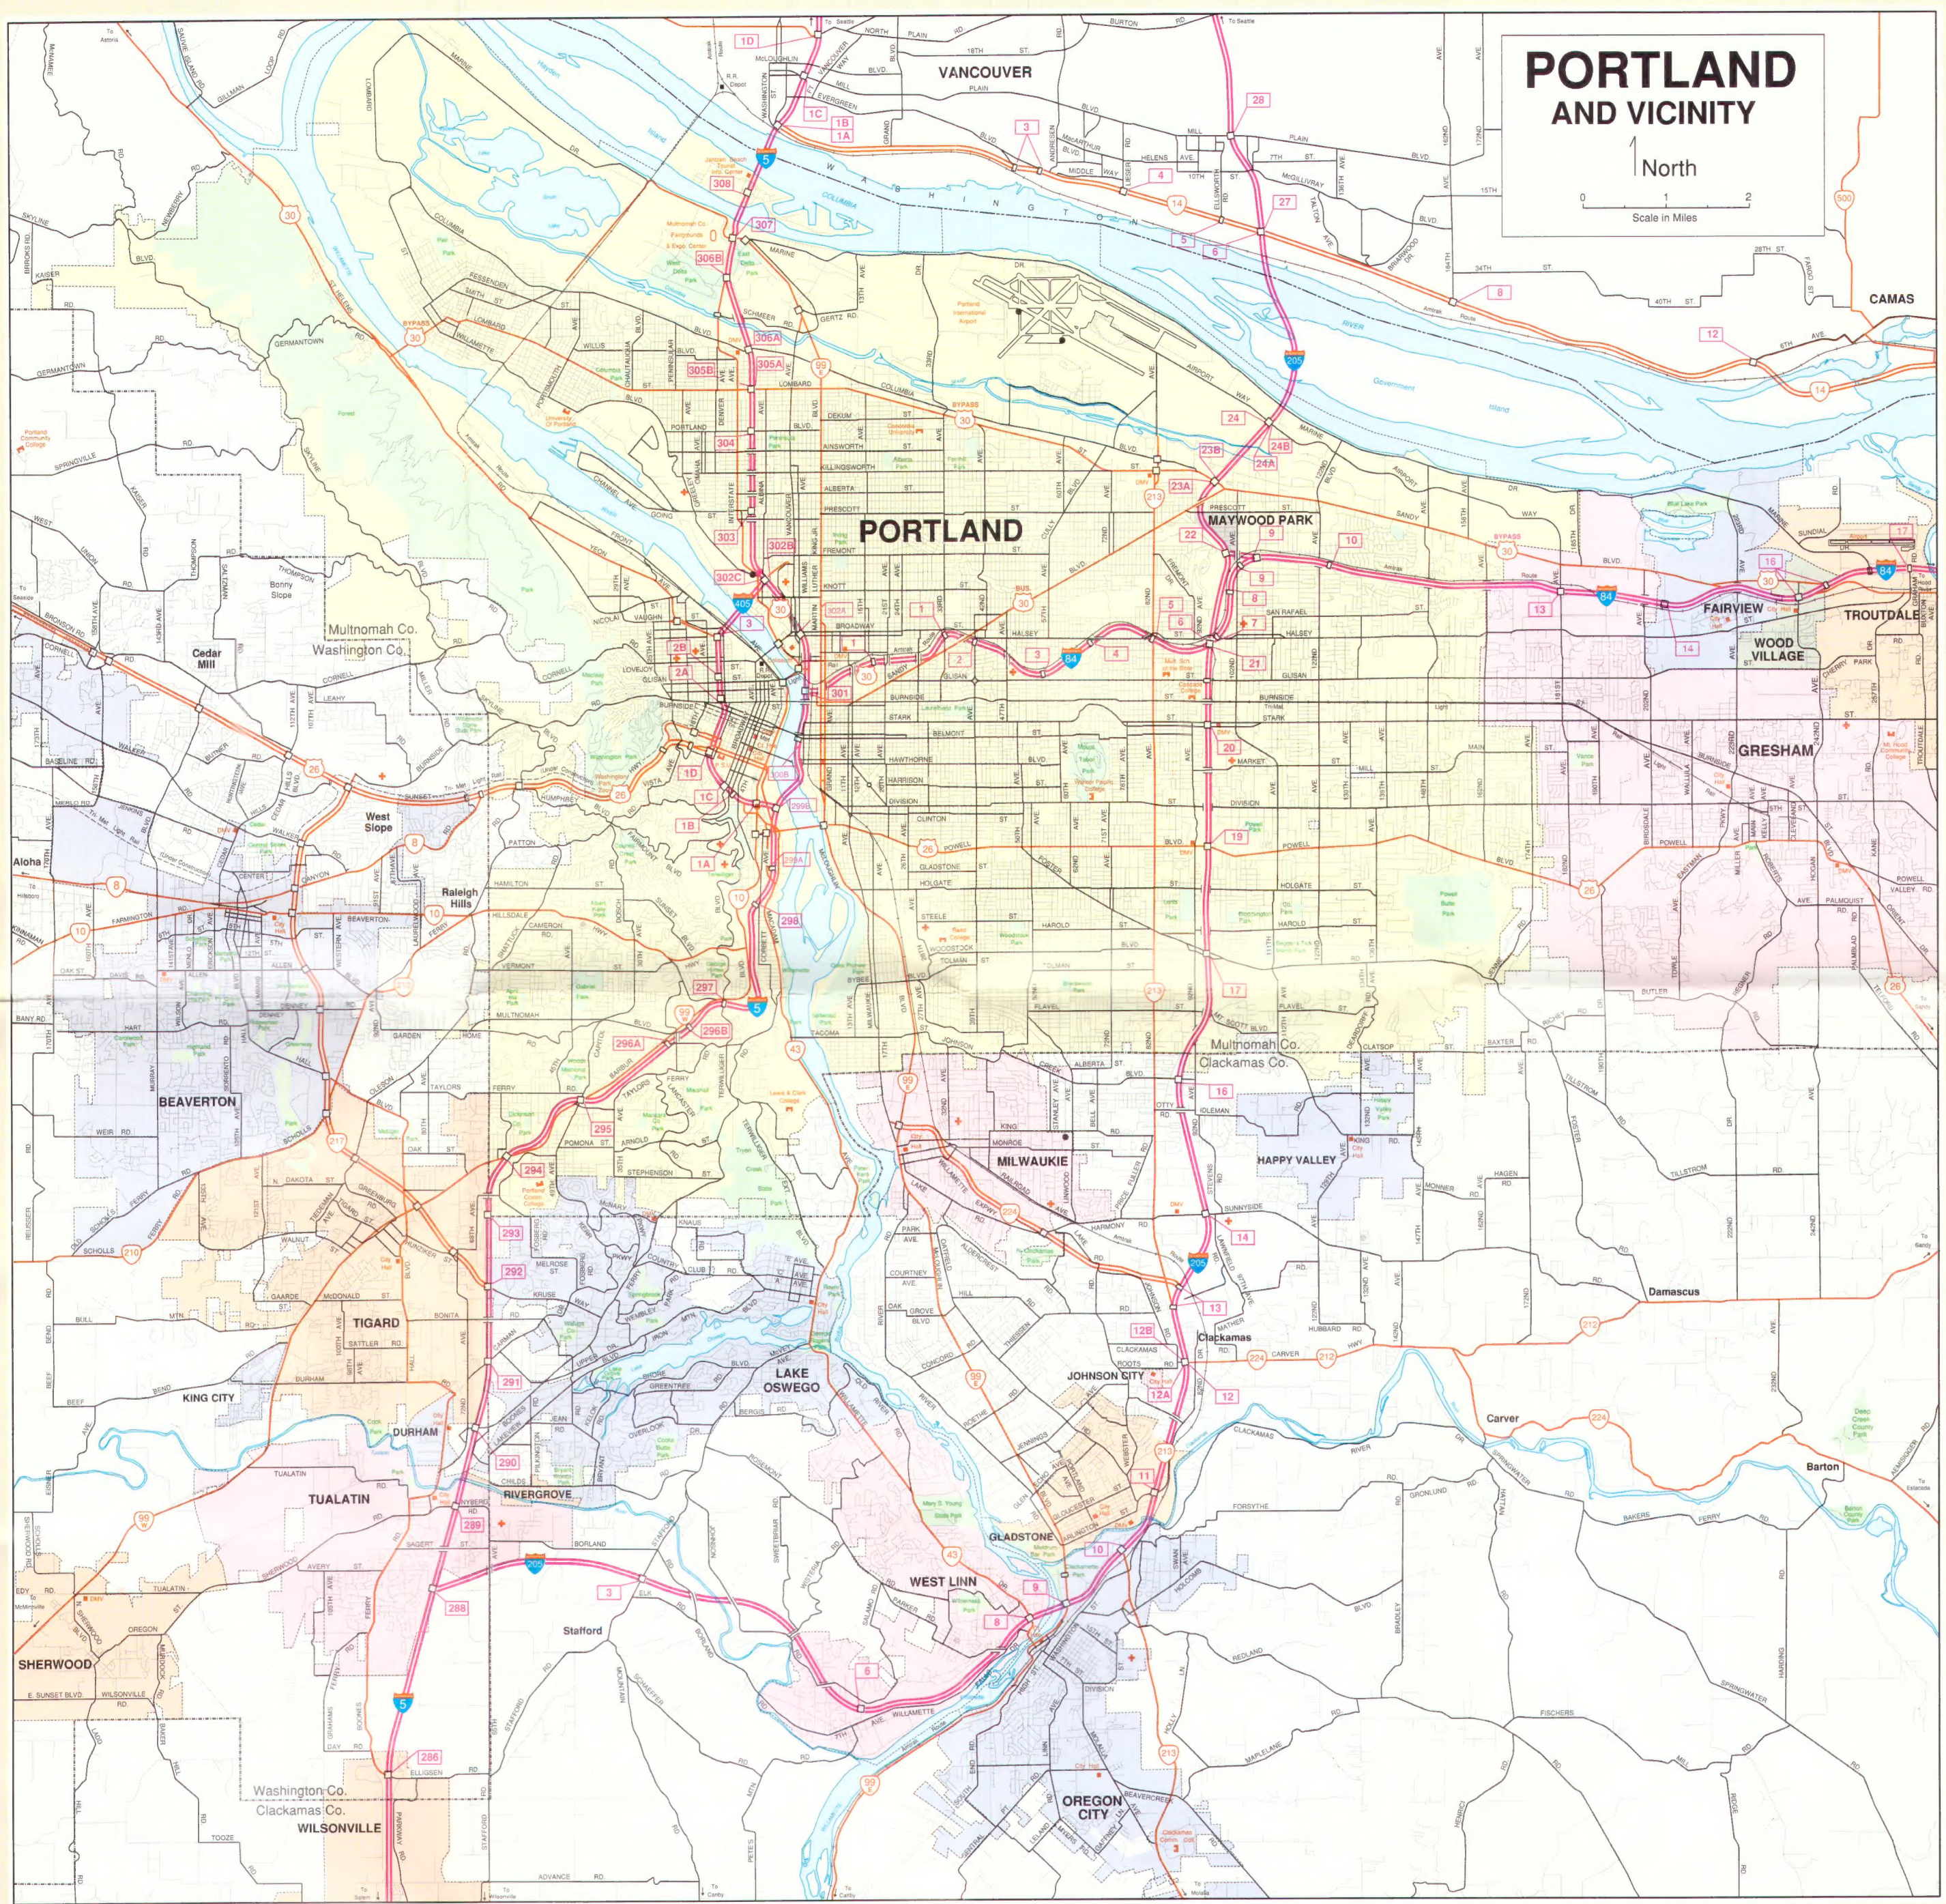

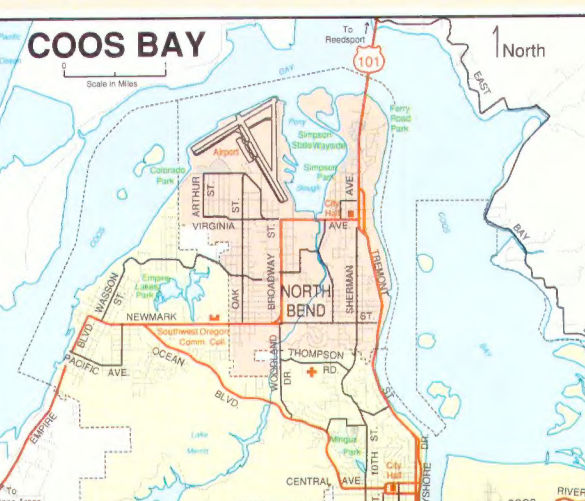

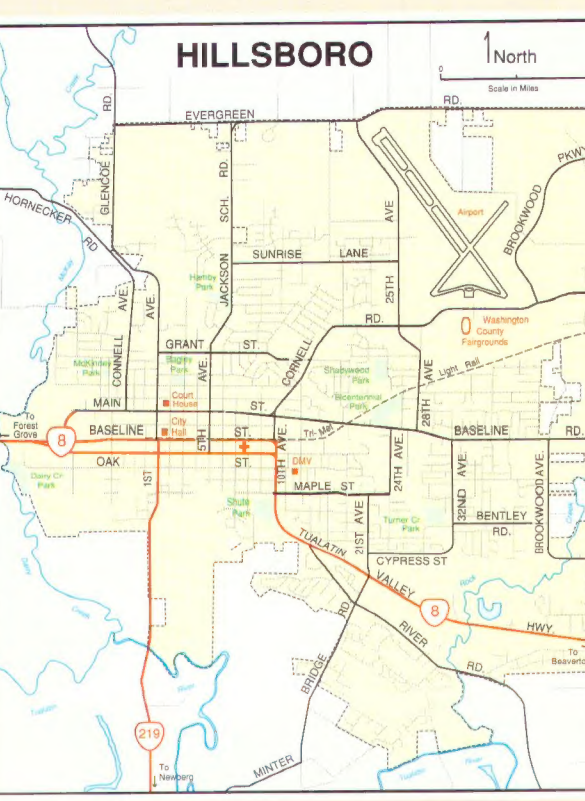

ODOT Budget - The Oregon Legislature limited ODOT's spending of federal and state transportation funds to \$1.69 billion for 1997-1999.

Studded Tires Allowed Nov. 1-April 1 To minimize damage to roads, transportation officials ask vehicle owners to use studded tires only when snow and ice are likely. They also encourage people to purchase new studded tires, which feature less-damaging lightweight studs.

Official State Map

This map is produced by ODOT. It is distributed at no charge. All roads shown on the map are passable with a two-wheel-drive passenger vehicle. Roads indicated on the map must feature improved pavement or gravel surfaces.

LEGEND

- Interstate Freeway
- Divided Highway
- Other Highway
- Paved Road
- Local Road
- Full and Partial Traffic Interchange
- Anticipated Road
- Hospital / Emergency Center
- Interstate Route Marker
- U.S. Route Marker
- State Route Marker
- Freeway Exit Number
- City Boundary
- City / State Park
